

# How To:

**Apply 0.50" of water to your landscape using a typical sprinkler system with ROTOR heads.**

Set your sprinkler system controller to water each zone for **9** minutes for two consecutive watering cycles on your Trash Day. See the example sprinkler system schedule below.

## YOUR TRASH DAY

	Zone 1	Zone 2	Zone 3	Zone 4	Total Run Time
<b>WATERING CYCLE #1</b> 7:00 p.m.	9 minutes	9 minutes	9 minutes	9 minutes	<b>36 minutes</b>
<b>WATERING CYCLE #2</b> 8:00 p.m.	9 minutes	9 minutes	9 minutes	9 minutes	<b>36 minutes</b>
<b>WATERING CYCLE #3</b> 9:00 p.m.	9 minutes	9 minutes	9 minutes	9 minutes	<b>36 minutes</b>
<b>WATERING CYCLE #4</b> 10:00 p.m.	9 minutes	9 minutes	9 minutes	9 minutes	<b>36 minutes</b>
<b>NOTE:</b> Your Total Trash Day Run Time	<b>36 minutes</b>	<b>36 minutes</b>	<b>36 minutes</b>	<b>36 minutes</b>	<b>144 minutes</b>

**Note:** For sprinkler systems that use spray heads, watering run times per cycle should be decreased as necessary. Call for a free Irrigation Check-Up if you need assistance, 972-292-5800.
